Oerboerroute – lus 2 groenroute

Cycle route
48.6 km

Start- and endpoint
Bandkeramiek Centrum mOERveld, Hazenstraat 1 in Moorveld

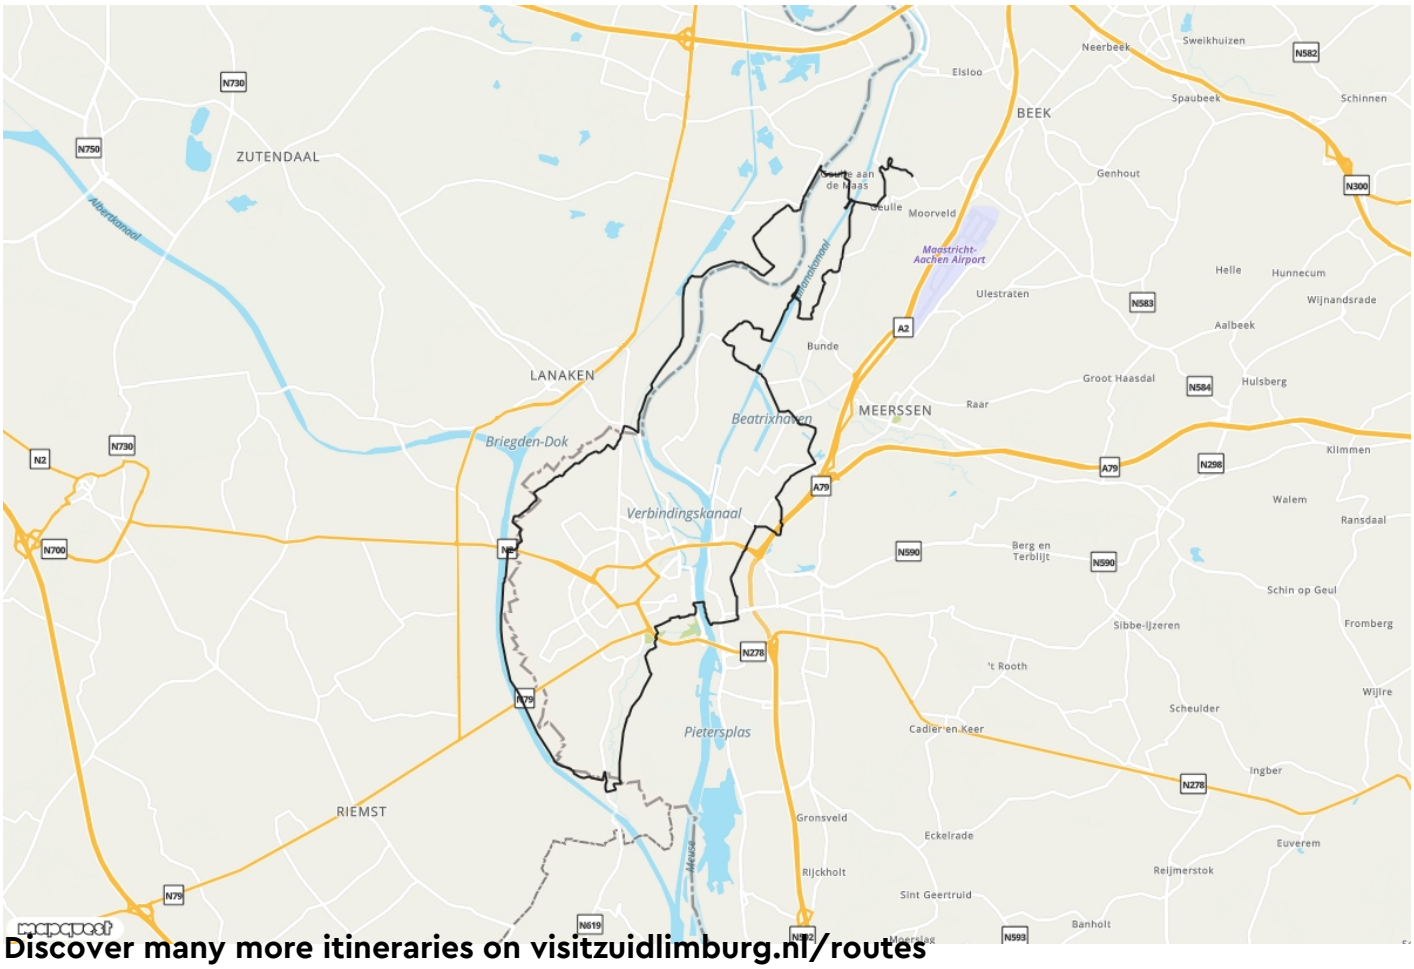

Level of difficulty
Makkelijk

With this route you cycle through the area where archaeologists made all kinds of finds from the time of the primeval farmers a century ago, but where new discoveries are still being made.
For example, archaeological finds tell us that the primeval farmers usually lived high and dry on top of the plateaus. But here in this area that was not always the case...
Today, this region looks completely different from the time of the primeval farmers. At that time, the Meuse still meandered freely through the landscape everywhere. And of course the border was not there yet.
