Phenomenal nature and beautiful buildings – the Geulle Ge1 hiking trail shows them all. On this walking route via the green posts (note lack of maintenance) you explore the area between the charming villages of Geulle and Bunde.

You follow the course of the canal and the Meuse and along the way you will come across the grand castle Geulle and the richly decorated Sint Martinuskerk. A detour to Belgium is also quickly made with the ferry Jung 2 to Uikhoven.

Parking is easy in the center of Geulle and a cafe between the beautiful buildings of this village is easily found.
